

EPA MOLD BOOKLET

A Brief Guide to Mold, Moisture and Your Home

With current marketplace concerns about mold and indoor air quality issues, many members have been asking for additional information to provide to clients who may have concerns about the topic. PAR Standard Forms is pleased to announce the release of “A Brief Guide to Mold, Moisture and Your Home”.

This EPA publication, similar to the “Protect Your Family from Lead in Your Home” booklet, is another tool that can be used by brokers and salespersons to educate buyers and sellers about the issues related to mold and indoor air quality. Used with the Mold and Indoor Air Quality Notice in the Agreement of Sale, practitioners have two methods to be sure that clients are adequately informed about the subject.

“A Brief Guide to Mold, Moisture and Your Home” is available at LCAR for 50 cents each.
